- **Shoenfield Prize.** The ASL invites nominations for the inaugural Shoenfield Prize for outstanding expository writing in the field of logic. This prize, to be awarded at the 2007 ASL European Summer Meeting, has been established by the ASL to honor the late Joseph R. Shoenfield for his many outstanding contributions to logic and to the ASL. Generations of logicians have especially valued Shoenfield's expository gifts, and his writings provide models of lucidity and elegance. The fund on which the Prize is based is administered by the ASL and the award is made by the Association upon the recommendation of the ASL Committee on Prizes and Awards. For general information about the Prize, visit `http://www.aslonline.org/info-prizes.html`.

  There will be a Shoenfield Prize for a book and another one for an expository article, each to be awarded simultaneously every three years; the first Shoenfield Prize(s) will be awarded in 2007. The Shoenfield Prize for a book consists of a cash award of $1,500; the Prize for an article is a cash award of $1,000. Any book or article published during the six years prior to the award year is eligible. The deadline for nominations is March 1 of the year of the award.

  Eligible books, articles, and papers for the 2007 Shoenfield Prize are those published in the period January 1, 2001 to December 31, 2006. The deadline for nominations is March 1, 2007. Nominations should be sent to the Chair of the ASL Committee on Prizes and Awards, John Steel (email: `steel@math.berkeley.edu`).

  Those wishing to contribute to the Shoenfield Prize Fund may send contributions to the ASL office (ASL, Box 742, Vassar College, 124 Raymond Avenue, Poughkeepsie, New York 12604). All such contributions are tax-deductible within the USA.
